OBJECTIVE OF THE MEETING

To organize and structure the team's ideas for the entrepreneurship competition submission, define a clear pitch strategy, and divide responsibilities for both pitch preparation and presentation delivery.

OPENING OF THE MEETING

- Presenter: Hamza
- Brief introduction of the project team
- Overview of meeting goals

CONTEXT

The team has decided to submit the project to an entrepreneurship competition. This meeting was held to align on the core idea, clarify the value proposition, and distribute tasks to ensure an effective and coherent pitch.

TASK DISTRIBUTION

- Pitch Preparation Team

Responsible for preparing the oral pitch, defining the storytelling approach, and highlighting the innovation and impact of the project:

1. Amina Boujmil
2. Mohamed Hamza Allani
3. Maya Zahrouni

- Presentation Preparation Team

Responsible for designing and structuring the presentation slides and visual support:

- Nour Mokhtar
- Omar Riahi
- Rania Ben Traki

Business & Strategy

- Rania Ben Traki: Responsible for preparing the Business Model Canvas and defining the business model associated with the project.

KEY DISCUSSION POINTS

- Identification of the main innovation points of the project
- Definition of the problem statement and market positioning
- Structuring the presentation flow for a clear and impactful pitch
- Importance of balancing technical depth and business vision during the presentation

DECISIONS

- Separate technical and business presentation responsibilities to improve efficiency
- Focus the pitch on the project's real-world impact and intelligent automation capabilities
- Prepare a first draft of the presentation before the next coordination meeting

NEXT STEPS

- Finalize pitch script structure
- Prepare initial slide deck version
- Complete Business Model Canvas draft
- Organize a rehearsal session before submission deadline
