----- Nour Mokhtar(**Moderator**) -----
----- Rania Ben Traki(**Speaker**) -----
----- Amina Boujmil(**Devil advocate**) -----
----- Maya Zahrouni(**technologist**) -----
----- Omar Riahi(**Time Keeper**) -----

OBJECTIVE OF THE MEETING

The objective of this meeting was to identify and agree on a project idea in order to engage the next phase of the project.

OPENING OF THE MEETING

The meeting was opened by Nour, who officially launched the session.

INITIAL PROJECT IDEA PRESENTATION

The meeting started with the discussion of an idea proposed by Value, who presented the project concept and explained the challenges associated with it, as discussed during the Saturday meeting.

TEAM FEEDBACK AND OPINIONS

- Maya shared her point of view and stated that the technical aspect of the project was the main element that attracted her interest.
- Nour confirmed this opinion and agreed that the technical dimension was a strong point of the idea.
- Nour expressed her position regarding the project idea as 60% in favor and 40% hesitant.
- Maya confirmed having the same position after discussing it with Omar

ALTERNATIVE IDEAS PROPOSED

Event Management Sector

- Nour presented an idea related to the event management sector, suggesting that many processes could be automated to facilitate event preparation.
- Rania expressed interest in and appreciation for this idea.

Civil Engineering Sector

- Rania proposed a project idea related to the civil engineering sector, questioning why construction projects often require long execution times.
- She emphasized that project ideas should be derived from real-life problems encountered in daily activities.
- Nour agreed with this approach.

Cryptocurrency & Fraud Detection

- Nour introduced another idea focused on cryptocurrencies, highlighting the issue of money laundering and the need for fraud detection solutions.
- She provided examples of fraudulent activities, such as:

Money laundering through multiple wallets

Suspicious transaction patterns

Scam projects and fraudulent schemes

- Identity misuse and lack of transaction transparency
- She emphasized that this is a highly important topic that is not sufficiently addressed.
- Omar strongly agreed and stated that this subject is very important and highly relevant.

Decision and Next Steps

After discussion, all team members agreed to:

- Continue exploring additional project ideas
- Organize a next brainstorming meeting
- Finalize and select one project idea in order to engage the next phase

Meeting Conclusion

The meeting was closed with the agreement to reconvene for a future brainstorming session.
